Dear Mr. Eddy and Ms. Romano:

We have received Mr. Eddy's letter dated February 21, 1995 regarding the events occurring on February 9, 1995 in Ms. Romano's work area. We apologize for not responding immediately, but Mr. Gebhard has been out of the office on vacation.

Barr highly values the good relationship that it has had with the MPCA staff and particularly with Ms. Romano on the GMI project. Mr. Sabee did not intend to do anything to jeopardize that relationship on February 9, 1995. In requesting access to the file, Mr. Sabee was trying to develop a better understanding of recent events in this matter in order to make the mid-March meeting on this project as productive as possible. Any questions by Mr. Sabee were intended only to determine whether there were any documents that Barr would not be permitted to examine. Mr. Sabee never intended to imply that the MPCA staff would do anything to alter the files and never intended to act disrespectfully or to offend the MPCA staff. Barr and Mr. Sabee are sorry and apologize if Mr. Sabee's actions were construed that way.

Barr trusts that our relationship that has developed over the last ten years on this project will overcome this misstep and that we can continue to work constructively to resolve the situation at the site. Please be assured that Barr will conduct all future file reviews through Ms. Malec.

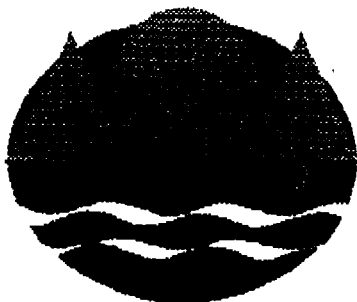

Sincerely,

Peter Sabee
